Year R Newsletter: 20th May 2022

What have we been learning about in Year R this week?

In Literacy the children have listened to the story 'Astro Girl'. They then thought of some questions to ask Astrid's mother (an astronaut). We also discussed the difference between a question and a statement. The children then went on to complete some writing about what they would like to be when they grow up.

The children also went on their school trip to Winchester Science Centre. The children all had a wonderful time and we would like to say how amazing their behaviour was throughout the day.

As part of our Jubilee events the children have been busy discussing and writing about what they would do if they were a King/Queen for a day.

In Maths we have been thinking about first, next and then stories to explore addition. We have been looking at everyday additions problems. Eg there are 3 people on a bus, another 4 get on. How many people are now on the bus?

Next week:

It is going to be a fun filled week next week. We will begin the week with our Art week focusing on nature. We look forward to seeing you all at the picnic on Thursday. Some of the children's art work will be displayed in a pop up art gallery in the school hall on Thursday afternoon.

As part of our Art week we would like you to support your child to find a variety of different leaves. Please could you send your child in with these on Monday as we will be using them as part of our Art work. Also, please could you save your toilet roll tubes and send them in with your child on Monday too. These will also be used as part of our art work. Thank you in advance.

Have a lovely weekend.

The Year R team
