Year R Newsletter: 10th December 2021

What have we been learning about in Year R this week?

In Literacy, we have been discussing different facts about penguins. We spoke about what we already knew about penguins and also asked some questions of what we would like to find out. We then watched a penguin video which answered our questions about penguins.

In Maths, we have been learning about rectangles and squares and discussing the similarities and differences between these 2 shapes. We have also been ordering different events in a day from beginning to the end. We have been discussing what comes first, next and last.

The children have also been busy creating their Christmas cards and making the 'light up Christmas bottles' for the enterprise cup sales.

The children all enjoyed taking part in their Nativity. We were all so very proud of them for taking part in such a wonderful manner. Their behaviour was amazing and they all did so well to remember what they needed to do. They also sang beautifully too. We were very proud of them and we hope you enjoyed the nativity too.

Next week:

We will be completing lots of exciting Christmas craft and activities such as making party hats to wear for our Christmas lunch, Christmas decorations, enjoying our role play area of 'Santa's workshop' and learning about how we all celebrate Christmas and how Christmas is celebrated around the world.

The children will also be finishing off their work around the story of 'Blue Penguin'. We will be thinking about the similarities and differences between us all. We will link this to 'Blue Penguin'.

Have a lovely weekend.

The Year R team
