

Get Electronic:

Astronauts and engineers are often viewed as pioneers and heroes and many work on the International Space Station. Please visit [International Space Station Tour | NASA](#) where you can have a tour around the station and learn more about it and [Live Space Station Tracking Map | Spot The Station | NASA](#) where you can track where the station currently is and how long it will be until you can see it (clouds permitting!). Has it changed position since Dip and Do Part 1?

Get Researching:

The Vikings left a huge influence on Britain. Can you research when they first landed on these shores and the influences they have left behind. Is there anything we recognise today that has its roots traced back to the Vikings?

Get Experimenting:

Please have a look at <https://edu.rsc.org/download?ac=15104> which is a wonderful document full of hands-on science activities based on Viking life. Please choose as many as you like and enjoy learning more about the Vikings through science!

Get Cooking:

Fancy eating like a Viking? Please visit [Viking Food \(KS2\) And Recipes Made Easy \(kidadl.com\)](#) and have a look at some of the delicious recipes that you can try and make at home. Please try to cook as many as you can. I am more than happy to try anything you make 😊

Get Writing:

All of us should think about the heroes that we have in our own day to day life. Who are yours? It could be Mum, Dad, Grandparents, a staff member at school, a friend or someone else entirely. I would like you to write a letter of thanks to thank your hero/heroes for everything they do for you and why they mean so much to you. The everyday heroes are always the ones who go unnoticed but on who we rely so much!

The Spark of Heroes

How Do Heroes Emerge? Part 2

Get Mathematical:

Are you ready to solve a Viking Rune? Please look at the separate activity which is like Sudoku. You will need to try to work out which number is represented by which rune and then find the missing totals. There are three different levels to complete.

Get Thinking:

Vikings are often portrayed as villains who invaded and plundered wherever they went but is there is more to them? Are there things we should thank the Vikings for? Do you think some travelled to find a better life for their family? Have a think, do some research and display your findings on an interesting poster or PowerPoint.

Get Creative:

There are lots of great Viking themed art activities on this website: <https://www.diys.com/viking-themed-projects/> choose one or two that you like the look of and have a go at making your very own Viking project!

Get Active:

After listening to and thinking about your own Viking saga, can you design and perform a dance that would fit alongside it? Research Viking dance and try to mimic it as closely as you can.

Get Performing:

The Vikings used to sing great songs and sagas about the Gods and the adventures that they had. Have a look at <https://www.bbc.co.uk/teach/school-radio/music-ks2-viking-saga-songs-index/z72w8xs> where you can learn more about them. Have a go at singing along and then making up your own saga about an adventure you have been on.
