Music – Each year group will do a composer study. Modern composers have been selected. Teachers to go away and research a classical composer as a comparison. Composition will also link to this eg. Compose using the same rhythm/ in the same style/ using similar dynamics. Also each year group will do an LCP unit – teachers to look at folder and choose Enrichment week next year to have a music focus

RE – being looked at by Teri as there are duplications between Y3 & Y2, also between Y5 & Y6

PSHE – being looked at by Jane F

French both Lightbulb languages and Twinkl are appropriate to use as there will need to be recap from previous year. Year 3 will study French in Summer term only. Throughout the year lessons will be 10mins-20 mins weekly as longer, less frequent sessions will mean that the children will forget what they have learned and too much recap will be necessary
