Year R Newsletter: 27th May 2022

What have we been learning about in Year R this week?

In Literacy the children have been creating their own space stories. They have created some amazing settings and characters for their stories.

In Maths we had a change of focus to the original plan and started to look at subtraction. We started by singing 'Ten Green Bottles' and physically taking bottles away from a wall. Then the children were looking at toys in a box and working out how many were left when we took some away. We finished the week by playing some online subtraction games.

For Art week the children have enjoyed creating some lovely artwork all linked to nature. They enjoyed using their leaves to create some fantastic leaf rubbings and paintings. They also used their toilet roll tubes to create some wonderful ladybirds. We hope you had the chance to see the lovely art work produced by the whole school in our pop up art gallery.

The children really enjoyed the jubilee picnic on the field on Thursday. It was so lovely to come together as a whole school. We hope you all enjoyed it. As part of the jubilee celebrations the children had the chance to make their own crowns too.

After Half Term:

We will begin our new topic about 'farming', which is linked to our core text 'The Gigantic Turnip'. The children will begin their learning about this story retelling the story and getting to know each character in the story.

The children will also be doing some observational drawings of turnips and planting some vegetable seeds.

Have a lovely half term and we look forward to seeing you on Monday 6th June.

The Year R team
