<b>Pupil Premium Allocation Report</b>		
HEAD TEACHER	MIKE STEWART	
CHAIR OF GOVERNORS	JONATHAN PENDER	

### What is the Pupil Premium?

The Pupil Premium is additional funding to help schools close the attainment gap between children from low-income and other disadvantaged families and their peers. If a child has been eligible for free school meals (FSM) at any point over the past 6 years, they are entitled to £1320 per pupil, or has been continuously looked after for at least 6 months (LAC), they are entitled to £2300 per pupil or are Service children, they are entitled to £300 per pupil. The school receives an amount per head within their budget.

The Priory Primary School actively promotes equality of opportunity for all staff, governors, pupils and parents, creating a harmonious learning community where all can succeed.

We have a clear, strategic approach to the use of specific Pupil Premium (PP) funding and plans are integrated into wider school support and improvement systems. These are monitored and evaluated regularly and data analysis ensures that the correct support and strategies are identified to maximise progress.

Strong leadership systems ensure that Pupil Premium funding has the necessary impact. This includes an identified governor having responsibility for Pupil Premium, the deputy headteacher and the SENDCO leading the development plan and a coordinated strategic leadership approach to implementing plans. All matters relating to the Pupil Premium are reported back to the Governors via the full governing board, ensuring that the school is held to account for the impact of spending.

The multi-faceted approach for the support of PPG pupils enables school to develop a strong, comprehensive and sustainable support package which leads to improvements in outcomes for this identified group which are substantially below those found nationally.

## Conclusion of 2018-2019

The strategies we have implemented this year are having an impact on the attainment and progress the pupil premium children are making. Having targeted strategies for engagement and academic progress have helped to streamline the support we are giving to our pupils. In school data shows that most pupil premium children make accelerated progress and in some cases more than their peers. This confirms that as a school we are diminishing the gap in terms of attainment.
