

# The Priory Primary School – Dip And Do Home Learning

## Get Cooking:

During your time at The Priory, you have enjoyed hundreds if not thousands of wonderful school dinners cooked by Mrs Clitheroe and her team. What were your favourite main courses and puddings? Try cooking them at home for your families to enjoy. Don't forget to take a photo and post it on Seesaw for me to see!

## Get Experimenting:

In class we have enjoyed sharing different mindfulness techniques. One of my favourite is watching the colourful Kaleidoscope screen. Can you experiment with different tubes and beads or pieces of plastic to create your own kaleidoscope? If you're stuck follow this simple video clip:

<https://www.youtube.com/watch?v=yShrIOj34r0>

## Get Researching:

On 27<sup>th</sup> June, Year 6 will venture forth on our much-anticipated trip to Osmington Bay!!

What can you find out about the local area of Osmington Bay/ Portland Bill? What is the coastline like there? Are there any significant physical features? Make a list of all the natural features of the coastline that you can find.

## Get Electronic:

Are you up for a challenge? You have achieved so much this year and you are now looking forward to Secondary School. Get ahead of the curve and use your IXL log in to complete as many of the Maths and English activities as you can.

50 House Points to the person who completes the most!!

## Get Writing:

Have you read a good book lately? Would you recommend it to your friends? Write a book review to 'sell' your chosen book to your peers.

Perhaps choose another book aimed at younger children- what would they enjoy about it? Try to encourage them to read the book by writing an enticing blurb.

# Look A Little Deeper

## -What lies beneath?

## Get Mathematical:

How is your Mathematical Brain?

At Osmington Bay we shall be zooming down zip wires, climbing up, and abseiling down towers. If each of our class complete the zipwire twice and the climbing and abseiling once, how far will we have travelled? You will need to visit the website to find out the distances involved!

Don't forget that you need to include Ms Foster, Mr Webb and Mr Stewart in your calculations!

## Get Thinking:

What are your best memories of your time at The Priory Primary School? Do you think your friends have the same memories?

Write down your favourite memory and create a picture to illustrate this.

## Get Creative:

Can you create a poster to encourage your family and friends to come to our performance of 'Aladdin Trouble'?

Be as creative as you like – make it fun and colourful to entice the audience to attend!

## Get Active:

During our trip to Osmington Bay, we will be completing many physical challenges.

Can you design a fitness program for the class to follow which will ensure that we are ready to face any challenge?

## Get Performing:

Towards the end of term, we will be performing our play, Aladdin Trouble. You now have the playscript and words for the songs. Why not try to memorise a part you would like to play or practice a song ready for the auditions after Half Term? You could post your audition on Seesaw if you do not want to do it in front of your friends.

**Year 6 – Summer Term 2 - DIP INTO THE ACTIVITIES ABOVE WITH YOUR CHILD. YOU DON'T HAVE TO DO THEM ALL! YOUR CHILD CAN PRESENT THEIR LEARNING IN A WAY THAT THEY WOULD LIKE (BE IMAGINATIVE!) AND BRING IT INTO SCHOOL AS THEY COMPLETE IT TO SHARE WITH THEIR CLASS. ALL ACTIVITIES ARE OPTIONAL.**
